Welcome to Ria Bijvelds . Auto Import Services BV

Reliable  
Fast and friendly service  
Excellent price and quality level

**Personal USA Import service**  
At this page you will find the basic information for a personal car import. The complete package from pick up at the seller to delivery including registration to your doorstep is all included. Should you require just a part of the import process, then you can also choose just the registration for example. Overall you will experience great advantages of direct buying, but without the disadvantages of the import hassle.

**Import used cars out of Europe**  
Car import out of Germany has never been so popular. Outsmart your car dealer around the corner keeping the profit to yourself. With our company you will buy a car direct and we will take care of all the import and license administration so you will enjoy advantage of cheap, fast and smart car import through a reliable company which exists since 1966!

**Temporary export licenses**  
Should you decide to arrange your own car transport through Europe, we can offer you a unique temporary license including insurance. This way you can drive your car from A to B without arranging a trailer or transport.

**Car sales and Accessories**  
Here you can review our full stocklist on the newest and available cars and pick up trucks. We supply both private and business people.

**Service and maintenance**  
Besides importing cars, we also provide the opportunity for the maintenance and service of your car. Our workshop has the knowledge and quality for over 40 years to also make you a satisfied customer. From MOT to conversion.
